Healthcare Experience Information

The healthcare experience can be a paid or volunteer experience. A variety of healthcare experiences are accepted. Priority consideration is given to experiences where the applicant has direct patient care responsibility.

A **minimum of 100 hours** of patient care experience is required. All the healthcare experience hours must be satisfied for the application to be considered complete.

Examples of direct patient care experience include: working as a licensed registered nurse, certified nurse aide, certified nursing assistant (CNA), certified physical therapist, certified respiratory therapist, certified occupational therapist, certified athletic trainer, licensed/certified dentist, certified paramedic, certified emergency medical technician (EMT), certified physical therapist, physical therapist assistant or aide, certified phlebotomist, certified emergency room technician, certified surgical technician, certified medical home health aide, certified medical assistant, certified patient care assistant/technician, registered pharmacist, and a registered dietitian in a clinical setting.

Other healthcare experiences considered include: shadowing a physician assistant (PA), shadowing a physician (MD or DO), shadowing a nurse practitioner (NP); working as a pharmacy technician, dental assistant, optometry/ophthalmology technician, Peace Corps volunteer, Red Cross volunteer, medical mission trip volunteer, medical scribe, lifeguard, laboratory-based researcher, clinical research assistant (with human subjects), medical interpreter/translator, and healthcare professional student experience in a clinical setting are acceptable healthcare experiences.

Unacceptable healthcare experiences: athletic coach, life coach, camp counselor, personal trainer, academic tutor, veterinarian, veterinary technician, babysitting, blood donor clinic staff, shadowing a professional that is not a PA, physician, or nurse practitioner, and secretarial/clerical medical office receptionist.
